

Technical drawing of a rectangular plate. The drawing shows the top and side views. The top view is a rectangle with overall dimensions of 1520 mm by 140 mm. The side view shows a thickness of 24 mm. The drawing includes several dimension lines with tolerances:

- Overall length: 1520
- Overall width: 140
- Distance from left edge to first hole center: 34
- Distance between hole centers: 1448 ± 8
- Distance from right edge to last hole center: 34
- Distance from left edge to first hole center (side view): 40
- Distance between hole centers (side view): 1436 ± 8
- Distance from right edge to last hole center (side view): 40
- Hole diameter: $\varnothing 25 \pm 3$
- Distance from hole center to edge (side view): 115 ± 3
- Distance from hole center to edge (side view): 24 ± 3

Technical drawing of a rectangular plate. The drawing includes three views: a top view, a side view, and a front view. The top view shows a rectangle with overall dimensions of 670 mm by 42 mm. The width is divided into three sections: 2 mm, 616 mm with a tolerance of ± 4 mm, and 10 mm. The side view shows a rectangle with overall dimensions of 164 mm by 24 mm. The height is divided into three sections: 10 mm, 130 mm, and 24 mm. The front view shows a rectangle with overall dimensions of 630 mm by 45 mm. The width is divided into three sections: 2 mm, 623 mm with a tolerance of ± 3 mm, and 40 mm. The drawing uses standard engineering notation for dimensions and tolerances.

Technical drawing of a rectangular frame with dimensions and tolerances:

- Overall width: 1520
- Inner width: 1380 ± 8
- Overall height: 670
- Inner height: 600 ± 3
- Left side thickness: 70
- Right side thickness: 70
- Top side thickness: 60
- Bottom side thickness: 60
- Corner radius (top right): max. R25 ± 5
- Corner radius (bottom right): max. R5 ± 5
