

Technical drawing of a reinforced concrete slab with two rectangular openings. The slab has a total width of 1500 mm and a total depth of 170 mm. The openings are 500 mm wide and 120 mm deep. The drawing shows the slab with a grid pattern representing reinforcement. Dimensions are given in mm.

Dimensions (mm):

- Total width: 1500
- Total depth: 170
- Opening width: 500
- Opening depth: 120
- Slab thickness above opening: 50
- Slab thickness below opening: 50
- Distance from slab edge to opening edge: 175
- Distance between openings: 500
- Distance from opening edge to slab edge: 175

A 3D perspective view of a rectangular box. The box is rendered in a light gray color with black outlines. Inside the box, there are dashed lines representing a hidden internal structure, which appears to be a smaller rectangular prism or a channel. The box is oriented diagonally, showing its top, front, and right side.

Technical drawing of a rectangular plate with dimensions and internal features. The overall dimensions are 1500 (width) and 360 (height). The plate has a central rectangular area defined by dashed lines, with a width of 1100 (550 + 50 + 550) and a height of 350. The plate is divided into three sections by a central vertical line and two side vertical lines. The dimensions of the sections are 175, 550, 50, 550, and 175. The plate has a thickness of 10. The drawing includes a top view and a side view.
